

FAST SHINE PROTECTIVE POLISH

					CUT		
						FINISH	

Product description

Non-abrasive polish, combination of waxes and glossifiers, ideal for restoring and maintaining the original deep shine of the paint. It can also remove fine scratches and wheel marks from painted surfaces. To minimize the eventuality of staining, do not apply under direct sunlight or onto a hot surface.

HOW TO USE: Please apply a small quantity of compound on the polisher-pad. Let the polisher turn at low revolutions, speeding them up (1000-2000 RPM) while spreading the paste with crossed movements. Pay attention at not overheating the paint. If necessary, please repeat the application more times till the complete removal of scratches. Eventually, wipe the surface with a clean cloth.

Physical properties

Colour: Gray

Physical form: Liquid-creamy

Odour: Light and pleasant

Explosion limit: None

Flammability: Not flammable

Stability: Tested after exposure to temperatures between - 15°C e + 45°C
