

## EASY GLOSS

PROTECTIVE RESTORING POLISH AND WAX

### Product description

This is a renewer protective polish, which gives high gloss finishing while adding wax protection on gelcoat and composites surfaces. It safely removes light oxidation, stains and water spots, restoring the original deep shine of the surface; at the same time, it helps stop fading caused by UV rays, natural elements, salt water and chalk. Thanks to its advanced formula, made of last-generation polymers, EASY GLOSS adheres to the surface, thus leaving an enduring protective and water-repellent film, as well as an unbelievable slick finish and radiant shine. It is very fast to apply with a foam pad (by hand or polisher) and extremely easy to remove. Unlike many other polishing products on the market, it can be wax off effortlessly also after several hours.

**HOW TO USE:** please pour a small quantity of compound on a soft foam pad TT05 and spread it with crossed movements, by hand or by polisher (800-1500 RPM). Let the surface dry completely and eventually wipe it off with a clean cloth

### Physical properties

**Colour:** Pink or Black

**Physical form:** Liquid-creamy

**Odour:** Light and pleasant

**Explosion limit:** None

**Flammability:** Not flammable

**Stability:** Tested after exposure to temperatures between - 15°C e + 45°C

#### IMPERFECTION LEVEL (HIGH 4 > LOW 1)
